Packing Checklist

A room-by-room plan that keeps your move calm instead of chaotic. Start early, label as you go, and let the bins do the heavy lifting.

Before You Start

- [ ] Create a packing timeline based on your moving date
- [ ] Reserve your reusable bins from Peach State Bins
- [ ] Choose a color or number system to label each room
- [ ] Set aside one area for daily-use items you'll pack last
- [ ] Gather supplies - markers, labels, and bubble wrap for fragile items

Three to Four Weeks Out

- [ ] Pack out-of-season clothing and decor first
- [ ] Pack rarely-used rooms - guest rooms, basement, storage
- [ ] Declutter as you go - donate, sell, or toss what you won't move
- [ ] Pack books, media, and keepsakes (heaviest items in the bottom of each bin)

Two Weeks Out

- [ ] Pack non-essential kitchen and living-room items
- [ ] Label each bin with the room it belongs to and what's inside
- [ ] Keep a simple inventory list so nothing gets lost
- [ ] Confirm your bin delivery date and drop-off spot with us

Moving Week

- [ ] Pack a "first night" essentials bin - meds, chargers, toiletries, a change of clothes
- [ ] Pack daily-use items last so they're the first ones out
- [ ] Keep important documents, valuables, and keys with you, not in the truck
- [ ] Do a final sweep of closets, cabinets, and the attic

Loading Day

- [ ] Load the heaviest bins first and keep them low
- [ ] Stack bins by room so unloading is a breeze
- [ ] Keep walkways clear as you carry out

- [ ] Walk every room one last time before you lock up
